# GEOGRAPHY

## Exam information: AQA Geography (8035)

Living with the Physical Environment	Paper 1	1hr 30 mins	22 May 2023 (pm)
Challenges in the Human Environment	Paper 2	1hr 30 mins	9 June 2023 (am)
Geographical Applications	Paper 3	1hr 15 mins	16 June 2023 (pm)

Qualification/Paper overview (case studies/examples in brackets)

### Paper 1 - Physical Geography (1hr 30mins) 22nd May 2023 (pm)

- Tectonic Hazards – (Chile & Nepal Earthquakes)
- Weather Hazards (Typhoon Haiyan)
- The Changing Climate
- Ecosystems
- Tropical Rainforests (Malaysia)
- Hot Deserts (The Thar Desert)
- Coastal Landscapes (Swanage Area/Lyme Regis Management)
- River Landscapes – (The River Tees/Somerset Floods).

### Paper 2 – Human Geography (1hr 30mins) 9th June 2023 (am)

- The Urban World (Rio de Janeiro)
- Urban Change in the UK/Sustainable Urban Development (Bristol)
- The Development Gap/(Nigeria)
- The Changing UK economy (Tor Quarry)
- Resource Management

### Paper 3 – Issues Evaluation & Fieldwork (1hr 15mins) 16th June 2023 (pm)

- Unfamiliar Fieldwork – Questions will be generic and not based on your own fieldwork
- Familiar Fieldwork – Hunstanton – Measuring Longshore Drift & Traffic Management

**Issues Evaluation** – Students will be provided with pre-release material after Easter. They will have a series of lessons engaging with the material and being prepared to answer a range of questions including a decision.

### Revision support:

- Your exercise books from year 10 and year 11
- BBC bitesize – this is easy to use and includes videos, images and small pieces of text.
- AQA revision guides – these are very useful, but be careful as the case studies may be different
- GCSE POD – this provides you with short videos (3/4 min) on all areas.
- Knowledge organisers
- Lunchtime/Afterschool revision sessions with your class teacher.

The earlier you start to revise the easier you will find your year 11 experience – cramming on the night before doesn't work. Make sure you have a plan

# HISTORY

## How can you help your child to revise?

- Set aside specific times in the week to revise for History – revision works best when it is part of their regular routine. Ensure that they have at least two revision slots in a week for History.

Exam paper	Marks	Duration	Weighting
<b>Paper 1: British History</b> Crime and Punishment c1250-present. The Elizabethans 1580-1603	80 marks (40 marks each)	1 hour 45 minutes	40%  (20% per topic)
<b>Paper 2: History Around Us</b> Peterborough Cathedral Site Study	40 marks + 10 SPaG	1 hour	20%
<b>Paper 3: World History</b> Viking Expansion c750- 1050. Living Under Nazi Rule 1933-1945	80 marks (40 marks each)	1 hour 45 minutes	40%  (20% per paper)

- Your child will be given a summary of the core content they need to know for each exam. Encourage your child to revise the topics they are *least* confident with.
- Set goals for their revision sessions e.g. 'By the end of today I'm going to be able to recall the main forms of law enforcement in medieval England'. After their session, ask them how they know they achieved their goal.
- Use the mark schemes on the OCR website to improve any exam questions they complete – exemplar answers can also be found by following the QR code.

**Peterborough** – this part of the course is a bespoke unit, based on a local site. The best revision resource for this unit is their exercise book but an additional visit to the Cathedral over the Easter/May half term would be valuable – especially if they could act as a tour guide for friends and family.

<b>Step 1</b> Revise content	<b>Step 2</b> Practice an exam question/ knowledge test	<b>Step 3</b> Check and correct
This can be messy revision, such as a quick mind-map or diagram.  Use flashcards to make quizzes or stick them up around the house (maybe a different area for each subject).	Answering exam questions or complete a knowledge quiz.  Your child can find past papers on the OCR website, or from their teacher.	Check the exam question/knowledge test for errors using a mark scheme and correcting them.  Students should revisit their revision at increased intervals to help build their long-term memory.

**History revision club runs every Friday in C06 from 3.05pm-4.30pm**

## Online Support

The Maths department subscribes to many different sites and promotes many free sites that pupils can use to support their home learning and independent work.

**SparxMaths** <https://www.sparxmaths.uk/> – This is our primary subscription site, due to the quality of the videos, the individualised nature of the home learning tasks, and the ability for students to challenge themselves with extra study.

Sparx home learning is set every Monday for year 11, and due the following Monday. Tasks set will be a revision of knowledge taught at different stages of the GCSE Scheme of Learning.

SparxMaths will provide a video lesson to support your child in the area selected, and then provide a quiz to check their understanding. It also has a 'book check' section that ensures students are writing their working out/answers down on paper to refer to.

**Corbett Maths** <https://corbettmaths.com/> – is a free site that your child can access. It provides a great deal of supporting material and question practice.

A key area that your child may find useful is the '5-a-day'. Your child needs to be sure to select the '5-a-day GCSE 9-1' to ensure they are getting suitable questions.

# 5-a-day

The '5-a-day' is designed to give pupils 5 questions for each day of the year to practice different areas of the maths GCSE. They come complete with answers by clicking on the answers link on the page. The answers are particularly beneficial as they are modelled to show the calculations required rather than just the answer.

There are also further practice questions and worksheets, designed to support your child with areas they may find difficult.
