

## **Year 9 OCR PE:**

Once again, I need you folks to complete LO1. We can't really move on until this is done. A slightly different PowerPoint was sent via Teams, that has Mr Walker talking you through certain bits (in case you miss his beautiful voice)! If you have not received this, please contact [Mr College](#) for access.

So far one person has completed this and 3 others have sent work that has additions to make (they have been sent these additions). Please can you email me or reply back on teams with your LO1 attached.
